

CLEAN COPY OF AMENDED CLAIMS

14. The method of claim 11 wherein said first measure of fees comprises fees incurred for lending through said data processing system and fees incurred for buying and/or selling loans through said data processing system.

a1 15. The method of claim 11 further comprising outputting from said data processing system an indicium that a first portion of said fees incurred for lending through said data processing system can be credited against said fees incurred for buying and/or selling loans through said data processing system.

16. The method of claim 11 further comprising outputting from said data processing system an indicium that a first portion of said fees incurred for buying and/or selling loans through said data processing system can be credited against said fees incurred for lending through said data processing system.

20. The method of claim 19 wherein said first measure of fees comprises fees incurred for lending through said data processing system and fees incurred for buying and/or selling loans through said data processing system.

a2 21. The method of claim 17 further comprising outputting from said data processing system an indicium that a first portion of said fees incurred for lending through said data processing system can be credited against said fees incurred for buying and/or selling loans through said data processing system.

22. The method of claim 21 further comprising outputting from said data processing system an indicium that a first portion of said fees incurred for buying and/or selling loans through said data processing system can be credited against said fees incurred for lending through said data processing system.

31. A method comprising:
receiving at a data processing system a lending criteria from each of a plurality of lenders;
receiving at said data processing system a loan solicitation from an loan seeker;
comparing in said data processing system said loan solicitation to said lending criteria from each of said plurality of lenders to identify a first lender whose lending criteria are met by said loan solicitation; and
receiving at said data processing system an indicium that a fee has been incurred with respect to transactions involving said first lender.

35. A method comprising:
receiving at a data processing system a lending criteria from a lender; and
outputting from said data processing system an indicium that a first portion of a first measure of fees incurred with respect to said lender for lending through said data processing system can be credited against a second measure of fees incurred by said lender for buying and/or selling at least one loan through said data processing system.

37. A method comprising:
receiving at a data processing system an offer to sell at least one loan from a loan pool trader; and
outputting from said data processing system an indicium that a first portion of a first measure of fees incurred with respect to said loan pool trader for buying and/or selling loans through said data processing system can be credited against a second measure of fees incurred by said loan pool trader for lending through said data processing system.
